# the Heatlie ROASTER

## THE STAR OF THE PARTY

The Heatlie BBQ series includes some of the toughest BBQs anywhere in the world. Designed and manufactured in South Australia since 1983 by dedicated Heatlie Engineers.

The Heatlie Roaster is specifically tailored for the professional.

Available in an enormous 80kg capacity, Heatlie Roasters are manufactured to last a lifetime from the most durable stainless steel.

Gas powered and completely mobile, Heatlie Roasters have been Australian caterers' roaster of choice for over 20 years.

Heatlie Roasters use the Heatlie Ribbon Burner System and Circular Cooking system to produce even heat with maximum energy efficiency.

With a variety of useful accessories available, Heatlie Roasters are versatile enough to cater for the most demanding of functions.

**The Heatlie Roaster will make you the star of any party.**

### Experts agree...

*"The Heatlie Roaster handles anything we throw at it... from intimate private functions to big corporate events... it takes it all in its stride! We have been very impressed with the Heatlie Roaster's even cooking and temperature control. It is very easy to keep clean, is extremely durable & easy to transport."*

*P. Krog, Caterer, SA*
